

7_orig_r001_c002.jpg

 GT (1)
 Pred (1)

0.81

The image shows an aerial view of a forest. A red dashed rectangle represents the ground truth bounding box (GT), and a green solid rectangle represents the predicted bounding box (Pred). The predicted box is positioned within the ground truth box, indicating a successful detection. The score 0.81 is shown in the top-left corner of the predicted box.
